CLASSES OF MAIL

Understanding the effects of First Class and Standard Non-Profit mail classes are important for you when mailing elections-related materials.

FIRST CLASS MAIL

- Delivery time is usually between three to five days.
- UAA (Undeliverable As Addressed) Mail is either forwarded to the new address on file or returned to the sender.
- No postal endorsement is necessary for this service.

MARKETING / NON-PROFIT MAIL

- Delivery time can be as long as seven to ten days.
- UAA Mail is NOT forwarded but sent to the dead letter file office.
- The use of an endorsement is recommended in order to avoid the undelivered mail going to the dead letter office.
- Mail pieces returned to the sender are then charged at the rate of 50 cents each.
